Dear Ms. Lane-Clark:

**Response to Requesting Your Support Letter**

Thank you for your letter on February 24, 2021, regarding the Catholic Women's League (CWL) postcard campaign to the Federal Government, and for sharing the CWL's encouragement of mandatory age verification requirements for adult pornography websites.

I share your concerns around the risks related to the exploitation of vulnerable people, including children, and have shared your information with the Minister of Justice. I expect that this issue will be raised as Ministers of Justice meet regularly to discuss crime prevention and legislative initiatives around areas of common concern.

I want to recognize and thank the Hay River CWL for the contributions made to the community, such as donating to school breakfast programs and the soup kitchen, participating in a Tree of Honour ceremony for Missing and Murdered Indigenous Women and Girls, in addition to supporting CWL Canada-wide initiatives, such as raising awareness around the need for greater access to palliative care.

I appreciate you taking the time to write to me, and look forward to hearing more examples of CWL initiatives that support people and communities in the Northwest Territories and throughout all of Canada.

Sincerely,

  
Caroline Cochrane  
Premier

c. Honourable R.J Simpson, Minister of Justice
